Get Close!

with LeineRoebana

at the Lloyd Hotel Amsterdam

Ring in the New Year with family and friends in an unforgettable way and enjoy presentations by dancers and musicians from up close in exceptional hotel rooms and over a wonderful dinner. Dancers and musicians will perform for you in the uniquely designed rooms of the **Lloyd Hotel & Cultural Embassy**, an exclusive afternoon offered to you by modern dance company LeineRoebana and their artistic friends. You will be dazzled by high-quality dancers, musicians and singers in a totally different ambiance from the theatre. Performers will include violinist **Liza Ferschtman**, pianist **Reinier van Houdt**, bass baritone **Marc Pantus**, soprano **Talitha van der Spek**, and of course the LeineRoebana dancers, every one of them top-class artists working in modern dance and classical music, performing exclusively for you.

Your support is needed

In spite of good reviews and a loyal audience, the future of LeineRoebana is at stake. Before long, the subsidy for performing arts will be cut drastically and we will no longer be able to realize extraordinary collaborations. This mustn't be allowed to happen and for that we need you. On 22 January, LeineRoebana is organizing a sponsors' afternoon with the beautiful Lloyd Hotel & Cultural Embassy as the backdrop for about ten intimate presentations. You will be led round the hotel rooms in small groups so you can experience everything from up close. During the wonderful dinner you will be treated to live dance and music as well. For this unique event we ask a minimum donation of € 150, including dinner.

Who are LeineRoebana?

LeineRoebana is one of the top dance companies in Europe. Besides Europe, their work has been seen in the United States, Canada, Russia, Africa and Indonesia. Their dancers have been presented with the highest achievable Dutch awards, as have the choreographers themselves, who received national and international prizes. Choreographers Andrea Leine and Harijono Roebana combine dance with other disciplines in a special way, first and foremost with live music.

Last November the new production *Ghost Track* premiered to unanimously enthusiastic response by press and public. De Volkskrant newspaper awarded the show 4 stars; **Het Parool** even gave it 5, the highest number of stars awarded. From **de Volkskrant**: "you find yourself watching and listening with bated breath, five quarters of an hour long, to the branching off of Eastern and Western dance and music into a gossamer-thin web."
